## Salary Placement - Out-of-District Experience

### Salary Placement – Years of Experience

Candidates for teaching positions in the district may be awarded credit for qualified years of full-time teaching experience in public and regularly organized private school as well as credit for appropriate professional experience. The district has the right to determine, for placement on the salary scale, the outside teaching and the professional experience to be followed. Experience will be awarded as per the following schedule:

2001-2002 School Year – Up to ten years;  
2002-2003 School Year – Up to eleven years;  
2003-2004 School Year – Up to twelve years;  
2004-2005 School Year – Up to thirteen years;  
2005-2006 School Year – Up to fourteen years;  
2006-2007 School Year – Up to fifteen years;  
2007-2008 School Year – Up to sixteen years.

Candidates will be awarded one year’s credit for each year of experience.

For the purposes of this policy the zero step of a salary schedule is one year. One year of credit would place a teacher on step one.

This policy is not retroactive or intended to affect previous salary placement.
