## Use of Feature Films/Videos\*\*

The Board recognizes the showing of commercially-produced and feature films/videos may have a legitimate purpose in a school's educational program. However, since the content of these feature films customarily is designed for general audience viewing, the Board feels certain precautions should be taken to ensure the showing of a particular film is consistent with the educational values espoused by the district. The Board directs administrative procedures be developed to accomplish this objective. All films/videos shall be age appropriate.
