## **Web Pages**

The district encourages the publication of web pages to foster creativity and communication and to provide students a place to demonstrate what they have learned.

Failure to comply with this policy and applicable administrative regulations will result in discipline, including suspension of district internet privileges and/or referral to law enforcement, if appropriate.

### **District Web Site**

The district's web site provides a resource for obtaining information about the district and for informing patrons about classroom activities and Board policies. Requests for publication of information on the district web site should be directed to the webmaster. District administrators may publish web pages as part of the district's web site. Personal information, not related to education, will not be permitted.

### **Staff Web Pages**

Staff may create web pages to use in class activities or to provide a resource for other staff members. Staff web pages must reflect the educational goals and objectives of the district.

Staff members linking outside sites to the district server are responsible for checking all material and links prior to submission.

### **Individual Student Web Pages**

Students may, with staff sponsorship, create web pages for publication that are primarily academic, educational, and research oriented.

Student work may be published, with parent permission, only if related to a class project or other school activity. Such work shall not reveal personally-identifiable information or prohibited directory information. A permission form is attached.

Student-created web pages reflect the individual and do not represent the district. Concerns about the content of any page created by a student should be directed to the building principal.

Student web pages may be removed at the end of the school year unless special arrangements are made.

### **Clubs and Organizations**

Web pages published by clubs and organizations may provide information about extracurricular and other school-authorized activities, as well as general information relating to the district.

## **Others**

The district may allow other organizations, e.g., parent-teacher groups, booster clubs, etc., to publish web pages.

## Permission

I give my permission to allow my student to construct and publish an Internet web page or his/her work included in a web page.

- I do not give permission for my student's work to be published on the district web page.
- I do not give permission for my student's photograph to be published on the district web page.
