## Promotion and Retention of Students\*\*

The Board is dedicated to total and continuous development of each student enrolled. The professional staff is expected to place students at the grade level best suited to them academically, socially and emotionally.

Students will normally progress annually from grade to grade. Exceptions may be made when, in the judgment of the professional staff, such exceptions are in the best educational interest of the students involved.

In the case when retention is being considered, the district will meet with the parent and share all relevant information and assessments. The district staff will make a recommendation and plan for the student. In the event the staff and parents are in disagreement about the recommendation and plan the parent's request will be implemented with provisions should a grade change be needed.
