

**Klamath County
School District**

Code: **IGBD**
Adopted: 11/21/02
Readopted: 5/17/12
Orig. Code(s): IGBD

Programs for Pregnant/Parenting Students

The district advocates the right to continued public education for all pregnant/parenting students. These students have the right to continued schooling in regular classes. In the event an individual student withdraws from her home school during pregnancy, the district alone, or in conjunction with other community institutions, shall furnish her with an opportunity to continue her classes. The district will inform pregnant/parenting students and their parents of the student's rights to special services for pregnant and parenting students and the availability of such services as well as services sponsored by other agencies including health and social services.

The district will develop individualized educational programs or services or both to address the needs of pregnant and parenting students when their educational needs cannot be met by the regularly provided school program.

If a pregnant student desires to participate in an extracurricular activity, the principal may require written authorization from her doctor.

All pregnant girls meeting graduation standards shall be allowed to participate in graduation.
