Reimbursable School Meals and Milk Programs (National Lunch Program, School Breakfast Program, Special Milk Program)

The district's nutrition and food services will be operated in accordance with the following requirements:

Meal Pricing Procedures

1. The district may operate the Special Milk Program (SMP) at schools where students do not have access to program meals. Under SMP, the district will choose one of the following options:
 - a. Nonpricing (serve SMP milk at no charge to all students);
 - b. Pricing programs without a free option (charge all students for SMP milk); or
 - c. Pricing programs with a free option (distribute confidential applications for free milk and charge only those students for SMP milk who do not qualify for free milk based on the household's application or direct certification from Supplemental Nutrition Assistance Programs (SNAP)).
2. Reimbursable meals will be priced as a unit.
3. Reimbursable meals will be served free or at a reduced price to all children who are determined by the district to be eligible for free or reduced price meals.
4. Annually, the district will establish prices for reimbursable student meals. The price charged to students who do not qualify for free or reduced price meals will be established annually by the district in compliance with state and federal laws.
5. The price charged to students who qualify for reduced-priced meals will be established annually by the district in compliance with state and federal laws.

Application Procedures

1. Households receiving SNAP or Temporary Assistance to Needy Families (TANF) benefits, as identified by Oregon Department of Education (ODE), will be automatically eligible for free meals for the students listed on the official document. Districts must access this document at least three times per year.
2. Students receiving support through the migrant education program, Runaway and Homeless Youth Act, McKinney-Vento Homeless Assistance Act, federal Head Start and state-funded prekindergarten programs, with income eligibility criteria identical or more stringent than federal Head Start, or are in state or court placement foster care, will be automatically eligible for free meals for the students listed on the official documents.

3. Households that submit a confidential application will be notified of their student's eligibility for free or reduced price meals. Households that are denied free or reduced price benefits will be notified in writing using the ODE template letter distributed to the district annually.
4. On a case-by-case basis, when a student is known to be eligible for free or reduced price meal benefits and the household fails to submit a confidential application, the superintendent or designee may complete an application for the student documenting how he/she knows the household income qualifies the student for free or reduced price meal benefits. Parents of a student approved for free or reduced price benefits, when application is made for the student by a school official, will be notified of the decision and given the opportunity to decline benefits.
5. Students who do not qualify for free or reduced price meals are eligible to participate in the National School Lunch Program (NSLP) and School Breakfast Program (SBP) and will be charged "paid" prices set by the district. "Paid" category students will be treated equally to students receiving free or reduced price benefits in every aspect of the district's NSLP and SBP.
6. The district has established a fair hearing process under which a household can appeal a decision with respect to the household's application for benefits or any subsequent reduction or termination of benefits.
7. In the event of major employers contemplating large layoffs in the attendance area of the district, the district will provide confidential applications and eligibility criteria for free and reduced price meals to the employer for distribution to affected employees.

Financial Management of the Nonprofit School Food Service

1. The district will maintain a nonprofit school nutrition and food service operation.
2. Revenues earned by the school nutrition and food services will be used only for the operation or improvement of NSLP and SBP.
