Intramural Programs

The Board supports an intramural program which is an important supplement to the district's physical education program. Intramurals are competitive sports and activities in grades 4 through 12 where the participants are from within the district. These activities grow directly out of the instructional program and provide additional opportunities for students to use their skills in controlled regulated activities. The program shall be based upon interest of participants and availability of facilities, equipment and properly trained personnel. It is a voluntary program in which all students at the designated grade levels are invited to participate.
