Adopted: 8/12/02
Readopted: 11/14/11
Orig. Code(s): IICAE

Overnight Trips

It is the policy of the Board to provide funds for overnight trips for extracurricular activities. The superintendent is directed to develop procedures to implement this intent consistent with the following requirements:

1. Definition: Overnight trips will be allowed when the event in which the team is participating is a morning event with preparations (weigh in, dressing, etc.) beginning at 9 a.m. or earlier or is more than four hours traveling time away (or 175 miles), or when two contests are to be held away from home on consecutive nights or days;
2. Emergency: In the event of any unforeseen emergency - storm, hazardous road conditions, mechanical breakdown, etc. - that would place the safety of the students in jeopardy, the coach or advisor will immediately confer with the principal. The principal will make the final decision. If overnight lodging and meals are approved, the principal will then notify the superintendent and the parents of the arrangements made for the students;
3. Play-off or tournament procedures will be developed by the LHS principal and athletic director and subject to superintendent approval;
4. Exception: Any proposed overnight trip not falling within the above categories must be approved at least one week in advance by both the building principal and the superintendent who will report to the Board.

END OF POLICY
