## Cyberbullying

The Board, in its commitment to providing a positive and productive learning and working environment, will consult with parents/guardians, employees, volunteers, students, administrators and community representatives in developing this policy in compliance with applicable Oregon Revised Statutes. Any form of harassment using electronic devices, commonly known as “cyberbullying” by staff, students, or third parties, is prohibited and will not be tolerated in the district. “Cyberbullying” is the use of any electronic communication device to convey a message in any form (text, image, audio, or video) that defames, intimidates, harasses, or is otherwise intended to harm, insult, or humiliate another in a deliberate, repeated, or hostile and unwanted manner under a person’s true or false identity. In addition, any communication of this form which disrupts or prevents a safe and positive educational or working environment may also be considered cyberbullying. Staff and students will refrain from using personal communication devices or district property to harass or stalk another.

The district will take any report of cyberbullying seriously and will investigate credible reports promptly.

Students or volunteers are encouraged to report an incident immediately to a teacher or principal, who will take appropriate action. Students or volunteers who make a report are expected, but not required, to preserve evidence of cyberbullying. Students or volunteers may report cyberbullying anonymously. Remedial action shall not be based solely on an anonymous report.

Failure of an employee to report an act of cyberbullying to the principal may be subject to remedial action, up to and including dismissal.

Staff will take appropriate action and will bring it to the attention of the principal when students report an incident of cyberbullying. Staff will attempt to preserve evidence of the cyberbullying and will submit any evidence to the principal.

Staff members violating this policy will be subject to discipline, up to and including dismissal. Students violating this policy will be subject to loss of privileges and discipline, up to and including expulsion. Third parties violating this policy will be subject to appropriate sanctions as determined and imposed by the superintendent or Board. The district may also report individuals to law enforcement if necessary.

The district shall incorporate into existing training programs for students and staff information related to cyberbullying and the prevention of, and the appropriate response to acts of cyberbullying.
