Authorized Use of District Equipment and Materials

The Board believes that although district equipment is purchased by taxpayers, the equipment is primarily purchased to provide for and/or enhance students' educational programs. It is the Board's responsibility to protect and maintain this equipment. The Board is also responsible for establishing guidelines concerning equipment which may be used by the public and conditions under which it can be used. Equipment, when made available for use, shall be consistent with ORS Chapter 244.

Public use of equipment shall not be used for private financial gain. An equipment use form must be submitted and approved, and any conditions outlined must be adhered to. Equipment use fees will be determined by the Board. In the event of "excessive damage," a fee will be determined according to repair or replacement costs. Transportation of borrowed equipment will be the user's responsibility.
