Instructional Day/Year/Calendar

The Board recognizes that the preparation of a calendar for the instructional year of the schools is necessary for orderly educational planning and for the efficient operation of the district.

The Board shall establish annually the number of days and number of hours when classrooms shall be in session for instructional purposes. The specific calendar in each case shall be that of the school and district in which the classroom is located or shall be the calendar established by the ESD generally. The calendar will meet state requirements.

The superintendent shall prepare each year a calendar which accommodates the calendars of the host schools as well as the needs of the ESD. The calendar shall be prepared in consultation with appropriate staff members and shall be presented to the Board for adoption.

The Board reserves the right to alter the school calendar when advisable in the best interests of the students involved, but shall not in so doing disturb coordination with calendars for host schools nor exceed the total number of instructional and duty days originally adopted.

Days lost may be made up to ensure that the required number of student days/hours are met by the district.
