

Lane Education Service District Policy

Code: **JHCCD/GBEBD**
Adopted: 6/28/94
Revised/Readopted: 7/10/01
Orig. Code(s): JHCCD/GBEBD

HIV, AIDS and HBV Rumor Control - Students

Lane ESD shall use a two-pronged approach for rumor control related to HIV, AIDS and HBV¹ before a rumor begins and during an “active” rumor.

In preparation for rumor control, the ESD shall annually notify employees, students, parents, media and the general public through handbooks and newspaper articles of confidentiality and individual rights requirements placed upon districts. The requirements are outlined in Oregon Revised Statutes and Oregon Administrative Rules. Individual rights include the right an employee or a student may have to continue working or attending school.

The ESD shall emphasize that if an employee or the student (parent/guardian) chooses not to divulge an HIV, AIDS or HBV condition, the ESD will have no information except to reiterate the requirements in the law regarding confidentiality and individual rights. This will be stated routinely and in cases of an “active” rumor.

If the employee or student (parent/guardian) wishes to divulge information and continues working or attending school, the ESD shall meet with the infected party or representative to develop a written procedure. This procedure will minimally outline what information will be given, who will give the information, when and where the information will be given, how the information will be given and who will receive the information. The procedures will be signed for approval by the infected party or representative.

The ESD shall appoint an ESD spokesperson who shall be responsible for responding to employees, students, parents, media and the general public.

Lane ESD staff working in component school districts, their parents, guardians or persons in parental relationship shall comply with component district policies and procedures.

END OF POLICY
