

Lane Education Service District Policy

Code: **JHF**
Adopted: 9/7/93
Revised/Readopted: 7/10/01
Orig. Code(s): JHF

Student Safety

The Board directs the development and approval of a Health, Safety and Emergency Plan. The plan is designed to assure every student in Lane ESD programs a safe, healthy environment in which to learn. The plan, developed in cooperation with component school districts, will comply with federal, state and local laws and regulations and with Board policy.

Lane ESD safety committee will ensure that general safety regulations are reviewed with staff and students as appropriate to assure student safety.

Safety instruction will assist students to:

1. Learn how to work, play and exercise safely and how to prevent accidents;
2. Learn proper procedures to reduce the possibility of accidents;
3. Develop habits of good housekeeping, proper storage and handling of materials;
4. Become familiar with personal protective devices and the proper clothing to be worn for safety purposes;
5. Develop skills in the safe use of tools and equipment;
6. Learn how to cooperate with others in the promotion and operation of a safety program in the ESD;
7. Respond to emergency situations in all settings.

Safety instruction will precede the use of materials and equipment by students in applicable units of work in courses, as appropriate. Instructors will teach and enforce all course safety rules. Rules will include, but not be limited to, wearing protective eye devices in appropriate activities.

Students will be asked to sign off upon completion of reading safety policies and materials and upon the completion of safety instruction.

Lane ESD staff working in component school districts, their parents, guardians or persons in parental relationship shall comply with component district policies and procedures.
