## Supervision of Students

The Board expects all students in Lane ESD programs to be under assigned adult supervision when they are in school, traveling under ESD auspices or engaging in ESD-sponsored activities. Staff may not always be in the same location as the students they supervise, such as students at work sites or students learning to ride a public bus. ESD personnel assigned responsibility for these activities are expected to act as prudent adults in providing for the safety of students in their charge.

In keeping with this expected prudence, no teacher or other staff member will leave his/her assigned group unsupervised except in an emergency situation when other arrangements have been made.

During school hours or while engaging in ESD-sponsored activities, students will be released only into the custody of parents, guardians, persons in a parental relationship or other persons designated by the parents, guardians or persons in a parental relationship.

Parents will be notified in writing of the annual school calendar including the hours during the day when supervision will be provided. There is no ESD responsibility for the supervision of students before and after these hours.

Lane ESD staff working in component school districts, their students, parents, guardians or persons in a parental relationship shall comply with component district policies and procedures.
