

Safe Food Handling For Classroom And School Activities

1. No home-prepared foods are to be served to students or the community at school parties, events, or activities. Commercially prepared foods and foods prepared following items 2-5 below may be used.
2. Beverages should be purchased ready to serve. Those requiring reconstitution are to be prepared from a safe water source using a sanitized covered container/cooler.
3. Food prepared and served under the supervision of Lincoln County School District (LCSD) Nutrition Services staff is permitted.
4. Students, teachers, and parents preparing food on site must have a Lincoln County Food Handlers Card. All food must be purchased specifically for the event and prepared on site following safe food handling procedures.
5. Food at school carnivals, dinners, and similar activities for students or the community may be prepared and served under the supervision of LCSD Nutrition Services staff or under the provisions of a “temporary restaurant” license from the Lincoln County Health Department.
