

## Police Investigations and Interviews

Schools have a responsibility to each parent for the welfare of each student while the student is at school, but at the same time, it shall be the policy of the district to cooperate with law enforcement agencies in the interest of the larger welfare of all citizens.

Law enforcement officials may enter school facilities if a crime has been committed on district property or to investigate matters concerning staff and students upon request initiated by either agency officials or by district administrators.

The superintendent or designee will develop administrative regulations to implement the intent of this policy, including procedures for handling investigations, administrator requests for assistance and required referrals to law enforcement agencies.

(Child abuse investigations are unrestricted and shall be processed in compliance with Board policy JHFE - Reporting of Suspected Abuse of a Child.)
