Expense Reimbursements

District employees who incur expenses in carrying out their authorized duties will be reimbursed upon submission of a properly completed and approved voucher and such supporting receipts as required by the business office.

Such expenses may be incurred and approved in line with budgetary allocations for specific types of expenses.

Expenses for travel will be reimbursed when the travel has the advance authorization of the Board and/or the superintendent. The superintendent may grant this authorization without prior Board action when the travel expense has been anticipated and incorporated into the operation budget of the particular program involved. The Board will later ratify such approval.

Persons who travel at district expense will exercise the same economy as a prudent person traveling on personal business and will differentiate between expenditures for business and those for personal convenience.

The Board authorizes the superintendent to establish regulations controlling payment of car allowances to employees for use of personal cars in transactions of district business and reimbursement for educational meeting transportation and lodging costs.

The mileage rate for all employees will be established in the Long Creek Education Association contract.
