School Year/School Calendar

The Board believes that the amount of contact time between teachers and students is one of the most important ingredients in teaching and learning. To encourage this relationship and to fulfill its duties under the law, the Board annually will set an instructional calendar that meet or exceeds the minimum requirements of Oregon law and its accompanying administrative rules.

Should inclement weather or emergency situations result in school closures which reduce the instructional time below the minimum required by law, the Board shall act to rectify the situation. As guidance for Board action, the superintendent shall have prepared a list of options for the Board to consider.
