Student Performances

Instructors are encouraged to arrange for individual students and groups to provide public performances when they contribute to educational process objectives and when they do not interfere with other scheduled activities or classes within the school, as follows:

1. All performances involving students will be approved by the principal;
2. The extended use of one particular group will be discouraged;
3. Students participating in a performance will conduct themselves in accordance with the student conduct code adopted by the district;
4. Performances that are scheduled outside school hours are preferred. Performances during school hours should be limited to the class period during which the activity is usually taught to that particular student or students.

If the content of a performance is judged by the teacher/coach as inappropriate for a presentation to a Lake Oswego community audience, the performance must be reviewed and judged appropriate for state competition by the high school principal and the superintendent of schools. This content guideline is not intended to prohibit from state competition a performance that was judged to be inappropriate for a general audience in Lake Oswego, but to require the approval of the drama teacher/coach, the principal and the superintendent before such a performance would be presented in competition.

Student groups may participate in district activities and with groups in the community upon the approval of the principal. Proceeds given students for participating or performing will be placed in student accounts.
