

Electronic Communications System

The Board is committed to the development and establishment of a quality, equitable and cost-effective electronic communications system. The system's sole purpose shall be for the advancement and promotion of learning and teaching.

The district's system will be used to provide statewide, national and global communications opportunities for staff and students.

The superintendent will establish administrative regulations for the use of the district's system including compliance with the following provisions of the Children's Internet Protection Act:

1. Technology protection measures, installed and in continuous operation, that protect against Internet access by both adults and minors to visual depictions that are obscene, child pornography or, with respect to the use of the computers by minors, harmful to minors;
2. Monitoring the online activities of minors;
3. Educating minors about appropriate online behavior, including cyberbullying awareness and response, and how to interact with other individuals on social networking sites and in chat rooms;
4. Denying access by minors to inappropriate matter on the Internet and World Wide Web;
5. Ensuring the safety and security of minors when using electronic mail, chat rooms and other forms of direct electronic communications;
6. Prohibiting unauthorized access, including so-called "hacking" and other unlawful activities by minors online;
7. Prohibiting unauthorized disclosure, use and dissemination of personal information regarding minors;
8. Installing measures designed to restrict minors' access to materials harmful to minors.

The administrative regulations will be consistent with sound guidelines as may be provided by the education service district, the Oregon Department of Education and/or the Government Standards and Practices Commission and will include a complaint procedure for reporting violations.

The superintendent will also establish administrative regulations for use of the district's electronic communications system to comply with copyright law.

Failure to abide by district policy and administrative regulations governing use of the district's system may result in the suspension and/or revocation of system access. Additionally, student violations will result in discipline up to and including expulsion. Staff violations will also result in discipline up to and including dismissal. Violations of law will be reported to law enforcement officials and may result in criminal or civil sanctions. Fees, fines or other charges may also be imposed.

1. Responsibilities

- a. The superintendent, or his/her designee, will serve as the coordinator to oversee the district system and will work with the ESD superintendent, or his/her designee, and other state organizations, as necessary.
- b. The principals, or designees, will serve as the building-level coordinators for the system, monitor and approve building-level uses, ensure teachers, staff and students receive proper training in the use of the system and the requirements of this policy, establish a system to ensure adequate supervision of students using the system, and be responsible for interpreting the district technology use regulations at the building level.
- c. District staff are authorized to develop regulations and agreements for the use of electronic communication that are in accord with this policy statement, ESD policy, and other district policies, including the student rights and responsibilities code. These regulations can include, but are not limited to:
 - (1) Acceptable use policies for students, staff and Board members;
 - (2) The level of access that will be provided at various grade levels;
 - (3) District website regulations;
 - (4) Informational material for parents.

2. District Limitation of Liability

The district and the ESD makes no warranties of any kind, either express or implied, that the functions or the services provided by or through the district system will be error free or without defect. The district will not be responsible for any damage users may suffer, including, but not limited to, loss of data or interruptions of service. The district is not responsible for the accuracy or quality of the information obtained through or stored on the system. The district will not be responsible for financial obligations arising through the unauthorized use of the system. Users will indemnify and hold the ESD and district harmless from any losses sustained as the result of intentional misuse of the system by user.
