

# Mapleton School District 32

Code: **EBBAA/GBEBC/JHCCC**  
Adopted: 7/12/01  
Readopted: 12/18/13  
Orig. Code(s): EBBAA/GBEBC/JHCCC

## Infection Control - HIV, AIDS, HBV

The district shall use standard precautions at all times for infection control. Each person is therefore treated as though an HIV, AIDS or HBV<sup>1</sup> infection exists.

The district shall develop an Exposure Control Plan that includes infection control procedures for staff and students.

Staff and students shall receive an annual in-service that includes correct procedures for cleaning up body fluid spills and for personal cleanup, appropriate disposal, immunization and personal hygiene, as well as the location and a content review of first-aid and clean-up kits. Kits shall be available for each room in the building and in each district vehicle.

In addition to an annual in-service, staff and students on a regular basis will receive HIV, AIDS and HBV information.

The information shall emphasize infection — how infection is spread as well as how it is not spread.

The district will cooperate with appropriate governmental agencies in delivering HIV, AIDS and HBV education.

END OF POLICY
