

Educational Philosophy and Goals

Medford School District Board of Education is responsible for maintaining a coordinated K-12 program designed to improve student achievement, based on goals adopted by the Board, and consistent with the goals adopted by the State Board of Education. The following goals are based on the beliefs that all children can learn, and that Medford schools provides excellent support in educating the children of our community.

Students who Succeed

1. All students are held to rigorous academic standards and complete their programs of study.
2. All students read at grade level by the end of grade three and continue to make grade-level progress throughout their schooling.
3. All students are equipped with knowledge and skills to pursue the future of their choice and to function effectively in various life roles.
4. All students know and embrace the core ethical values of our society, including but not limited to, respect, responsibility for actions, work ethic, concern for others, trustworthiness, justice and fairness, and civic virtue and citizenship.

Buildings that Work (For Student Success)

All students have access to a quality education in a safe, inviting, caring, motivating learning environment.

More Resources to the Classroom (For Student Success)

1. All parents are active participants in their student's education and community members are involved supporters of student learning;
2. The district focuses its resources on its mission and goals.
