

Use of District Activity Vehicles for Student Transportation

The Board may provide for the use of vehicles, commonly designated as Types 10, 20, or 21 pupil transportation vehicles, which do not meet the requirement of a “school bus” for the purpose of transporting students, licensed, classified or other volunteer supervisory personnel to and from curricular and extracurricular activities sponsored by the district.

The vehicle shall be insured for bodily injury, property damage, uninsured motorist coverage, and personal injury protection. The chief operations officer and human resources director will collaborate with the district’s liability insurer to recommend and maintain amounts to adequately protect the district against loss.

The district will meet or exceed minimum driver requirements and procedures as set forth in Oregon Administrative Rules Chapter 581, Division 053. The district will require online classes and testing as part of its driver training approval process. The district shall meet child safety system requirements and minimum standards and specifications as set forth in applicable Oregon statutes and administrative rules.
