

Equal Employment Opportunity

Equal employment opportunity and treatment shall be practiced by the district regardless of race, color, religion, sex, sexual orientation¹, national origin, marital status, age, veterans' status², genetic information and disability if the employee, with or without reasonable accommodation, is able to perform the essential functions of the position.

The superintendent will appoint an employee to serve as the officer in charge of compliance with the Americans with Disabilities Act of 1990, the American with Disabilities Act Amendments Act of 2008 (ADA) and Section 504 of the Rehabilitation Act of 1973. The superintendent will also designate a Title IX coordinator to comply with the requirements of Title IX of the Education Amendments of 1972. The Title IX coordinator will investigate complaints communicated to the district alleging noncompliance with Title IX. The name, address, and telephone number of the Title IX coordinator will be provided to all students and employees.

The district acknowledges the provisions of the Oregon Educators Equity Act and its stated goal of increasing the percentage of diverse educators employed by a school district so that it better reflects the percentage of diverse students in the district's schools. In support of those goals, the district intends to implement efforts specifically designed to recruit and hire qualified teachers and administrators that reflect the diversity of the district's student population. These efforts shall not require particular quotas, nor shall these efforts permit discrimination against any individual or class of individuals based on their protected status with respect to any employment opportunity within the district for which they may be qualified, as provided in Board policy GB - General Personnel Policies.

The superintendent will develop other specific recruiting, interviewing and evaluation procedures as are necessary to implement this policy.
