## **School Attendance Boundaries**

Attendance area boundaries will be established by the administration and approved by the Board of Education.

Boundaries are set for attendance areas so that students can be given the best possible education at the lowest possible cost. Defined attendance areas reduce overcrowding in one building to provide fuller use of space and personnel in another building. The superintendent is directed to monitor student enrollment in all buildings and to make attendance area boundary adjustments as needed. All changes in school attendance area boundaries should benefit the total school program educationally and financially.

The board requires that students attend the school assigned to the attendance area in which they live. Requests for exceptions must follow policies and procedures outlined in Board policy JECBB - Intradistrict Transfer of Students.

Attendance boundary information will be maintained by the superintendent and will be available to the public.
