

Weapons in the Schools**

Students shall not bring, possess, conceal, sell, or use a weapon on or at district property, transportation, or activities under the jurisdiction of the district or interscholastic activities administered by a voluntary organization.

For purposes of this policy, and as defined by state and federal law, weapon includes

1. “Dangerous weapon” – any weapon, device, instrument, material or substance, which under the circumstances in which it is used, attempted to be used, or threatened to be used is readily capable of causing death or serious physical injury;
2. “Deadly weapon” – any instrument, article, or substance specifically designed for and presently capable of causing death or serious physical injury;
3. “Firearm” – any weapon (including a starter gun) which will, or is designed to, or may readily be converted to expel a projectile by the action of an explosive, frame, or receiver of any such weapon or any firearm silencer, or any destructive device;
4. “Destructive device” – any explosive, incendiary, or poison gas component or any combination of parts either designed or intended for use in converting any device into any destructive device or from which a destructive device may be readily assembled. A destructive device does not include any device which is designed primarily or redesigned primarily for use as a signaling, pyrotechnic, line-throwing, safety, or similar device.

Weapons may also include any items used with the intent to harm, threaten, or harass students, staff members, parents/guardians, and patrons.

Replicas of weapons, fireworks, pocket knives, and ammunition are also prohibited. Exceptions to the district’s replicas prohibition may be granted only with prior building principal approval for certain curriculum or school-related activities.

Any prohibited items are subject to seizure or forfeiture.

In accordance with Oregon law, any employee who has reasonable suspicion to believe a student or other person has within the previous 120 days unlawfully been in possession of a firearm or destructive device as defined by this policy, shall immediately report such violation to an administrator, his/her designee, or law enforcement. Employees who report directly to law enforcement shall also immediately inform an administrator.

The building administrator (or designee) will promptly notify law enforcement if there is a report that there is reasonable suspicion to believe a violation has occurred. Law enforcement will also be notified if a student is expelled for bringing, possessing, concealing, or using a dangerous or deadly weapon, firearm, or destructive device.

Parents/guardians will be notified of all student conduct that violates this policy.

Employees shall promptly report all other conduct prohibited by this policy to an administrator.

Students found to have brought, possessed, concealed, or used a firearm in violation of this policy or state law shall be expelled for a period of not less than one year. All other violations of the policy will result in discipline up to and including expulsion and/or referral to law enforcement, as appropriate. The district may also request suspension of a student's driving privileges or the right to apply for driving privileges with the Oregon Department of Transportation, as provided by law. Appropriate disciplinary and/or legal action will be taken against students or others who assist in activity prohibited by this policy. The superintendent may, on a case-by-case basis, modify these discipline requirements.

Students on an Individualized Education Program (IEP) shall be disciplined in accordance with federal law and Board policy JGDA/JGEA - Discipline of Disabled Students, and their accompanying administrative regulations.

Weapons under the control of active law enforcement personnel are permitted. The superintendent may authorize other persons to possess weapons for courses, programs, and activities approved by the district and conducted on district property including, but not limited to, hunter safety courses, weapons-related vocational courses, or weapons-related sports.

The district may post a notice at any site or premise off district grounds that at the time is being used exclusively for a school program or activity. The notice shall identify the district as the sponsor, the activity as a school function and that the possession of firearms or dangerous weapons in or on the site or premises is prohibited under ORS 166.370.

In accordance with the federal Gun-Free School Zone Act, possession or discharge of a firearm in a school zone is prohibited. A "school zone," as defined by federal law, means in or on school grounds or within 1,000 feet of school grounds.

"Gun-Free School Zone" signs may be posted in cooperation with city and/or county officials as appropriate. Violations, unless otherwise accepted by law or this policy, shall be reported to the appropriate law enforcement agency.
