

# Multnomah Education Service District

Code: **EBCD-AR**

Adopted: 5/6/81

Revised/Reviewed: 10/12/94; 11/30/98; 5/17/11;  
2/19/13

## **Emergency Closures**

The Superintendent will communicate with the staff via the school closure network in the case of inclement weather closure or other general conditions so apparent that employees could reasonably be expected to listen to the radio or watch the television.

In cases where the problem causing the emergency closure is confined to the MESD central offices the Superintendent will use the MESD website.

Notwithstanding paragraph 1 above, the Superintendent will use the MESD website in addition to the radio and television network for specified staff components.

### **Emergency Closure - MESD Offices**

Staff assigned to MESD central offices shall be governed by the delayed opening or closure of MESD offices.

MESD central offices include the Ainsworth Building and the warehouse building.

### **Emergency Closure - MESD Sites in Component Districts**

Staff who are permanently assigned to MESD sites in component districts shall be governed by that component district's delayed opening or closure.
