## Use of Feature Films/Videos

The Board recognizes the showing of commercially (professionally) produced feature films and videos may have a legitimate purpose in a school's educational program. However, since the content of these feature films and videos customarily are designed for general audience viewing, the Board feels certain precautions should be taken to ensure the showing of a particular film or video is consistent with the educational values espoused by MESD.

Only feature films or videos with prior administrative approval shall be shown as part of a school program. Teachers shall not assign the viewing of a feature film or video as part of a course unless the feature film or video meets the above requirements.

The Board directs the superintendent and cabinet develop administrative procedures to accomplish this objective.
