Evaluation of Instructional Programs

The purposes of evaluation of instruction will be to:

1. Determine educational needs and provide information for planning;
2. Indicate instructional strengths and weaknesses;
3. Check on the suitability of programs within the community;
4. Show the relationship between achievement and the system's stated goals;
5. Provide data for public information.

The Board will rely on the professional staff to provide continuous evaluation of the educational program and instructional processes. The Board may participate with the professional staff in such evaluation. It may also arrange for evaluations to be conducted by outside agencies.

Appropriate research studies will be periodically reviewed to determine recent trends and developments in program design and instructional delivery.
