Staff members shall guide and counsel students in the learning process. The Board and staff shall work together to provide an environment appropriate for student learning by meeting the following goals:

1. Individualize the instructional program with an emphasis on the basic skills;
2. Protect and observe the legal rights of students;
3. Build each student's self-image through positive reinforcement and success-orientated activities;
4. Provide an environment of responsibility in which students can learn personal and civic duties;
5. Deal with students fairly and consistently in discipline matters;
6. Provide for the student's safety, health and welfare;
7. Promote faithful attendance and quality work.

Through this environment students shall have the opportunity to learn to function effectively as a well-rounded individual, learner, producer, citizen, consumer and family member.
