**Approval of Handbooks**

In order that pertinent Board policies, administrative regulations, school rules and procedures may be known by all staff members, patrons, students and parents affected, district administrators and principals are granted authority to issue staff and student handbooks.

The contents of all handbooks must conform with districtwide board policies and administrative regulations. The publication shall bear the name of the district, or one of its schools, and be of a quality that reflects favorably on the district. Therefore, the Board expects all handbooks to be approved by the superintendent or designee before publication.

The Board may review district personnel handbooks in order that the contents may be accorded the legal status of Board-approved policy and administrative regulation. All handbooks published are to be made available to the Board for informational purposes.
