

Milton-Freewater School District 7

Code: **EBBA/JHCE**
Adopted: 11/23/93
Readopted: 05/12/98

First Aid

In cases of sudden illness or injury to a student or staff member, first aid will be given by school staff. Each principal is charged with providing for the immediate care of ill or injured persons within his /her area of control. Further medical attention to students is the parents ' responsibility, or someone the parents have designated in case of emergency.

In each school, procedures for handling health emergencies will be established and made known to the staff. Each school and school vehicle will be equipped with appropriate first-aid supplies and equipment.

Staff members shall report self-administered first aid treatment to an immediate supervisor.

Principals or their designee may authorize the transportation of students by ambulance when, in their judgement, this is necessary during a medical emergency.

All employees are expected to know where first-aid supplies and equipment are kept in their work areas. Designated employees in each building shall hold current first-aid cards. In compliance with Oregon Administrative Rules, each school shall have, at a minimum, at least one staff member with a current first aid card for every 60 students enrolled or an emergency response team per building. Such team shall consist of no less than six persons who hold current first aid/CPR cards and who are trained annually in the district and building emergency plans. Names of the designated employees will be posted.
