## Board-Staff Communications

The administrator (superintendent/principal) has responsibilities to both the staff and the Board. In this position, it is his/her responsibility to maintain an open line of communication between these two bodies.

His/her responsibilities are outlined in the School Board Policy Manual, which is available in the office to all staff members.

If there are special requests, concerns, or problems, they should be first discussed with the administrator.

If the staff member is unable to gain satisfaction from the administrator, or wishes to question the rules, they should then request to be placed on the Board Agenda for the next meeting.
