

# Monument School District 8

Code: KG  
Adopted: 12/10/92  
Orig. Code: KG

## Community Use of School Facilities

The Board in its discretion may allow the superintendent to approve use of a school building and/or property for community purposes, and will allow the charging of a reasonable fee, so long as the fee is for an incidental purpose.

The superintendent will not allow the use of school buildings or property for any purpose which is in violation of the state or federal constitution, interferes with any school program or which may, foreseeably result in damage to the school buildings or property.

A School Facility Use Agreement must be completed and authorized by the superintendent prior to use.

The following rules and conditions govern the use of the school facilities:

1. The building and grounds are to be left at least as clean as prior to the occasion. If they are not, the above party agrees to pay the cost of any cleaning required.
2. A law officer will be contacted to attend all public dances.
3. The users agree to be financially responsible for any damage to grounds or buildings which occurs during the occasion. This will, of course, exclude any natural damage such as caused by faulty wiring, etc.
4. The users agree that there will be no beverages or smoking within the gymnasium.
5. The users agree that any keys loaned for any of the buildings will be returned within 3 days after the event or expiration of this agreement.
6. It is agreed and understood that if school district events, scheduled or unscheduled, conflict with times shown on this agreement, that school district events will have priority.

END OF POLICY
