

Morrow County School District

Code: **DBDAB**
Adopted: 5/12/03
Orig. Code(s): 7201.1

District Funding of Cocurricular/Extracurricular Activities

The Board recognizes that certain activities conducted outside of the classroom have educational value and provide an important extension of the school day. Thus, the Board provides for the inclusion of funds in the budget to support the direct and/or indirect costs of these programs to the extent that student interest and educational value is indicated and district resources permit. These activities fall into two categories: Competitive activities and club or organization activities.

1. “Competitive activities” are those where extra-duty contracts are issued to individual staff members to supervise and direct the activity. Included as examples are most activities: drama, music, rally and dance team. Funding of the necessary direct and indirect expenses for these activities will be budgeted through district budgeting procedures.
2. “Club or organization activities” are those activities supported or sponsored by the district which reflect student interest (i.e., Future Business Leaders of America, Future Farmers of America, Thespians, Spanish Club). Indirect costs of these activities (heat, light, space) will be budgeted through district budgeting procedures. Direct costs for other activities will be funded by fund-raising activities in accordance with established procedures.
