

## Use of District Activity Vehicles for Student Transportation

Only those meeting the following district requirements shall drive vehicles transporting students.

1. Building principals are responsible to assign only qualified drivers to Types 10, 20 or 21 student transportation vehicles transporting students;
2. All persons driving district activity vehicles to transport students shall receive behind the wheel training involving safe handling and proper care of the vehicle;
3. Drivers shall inspect and be aware of the safety and drivability of the vehicle before placing in on the road.

Drivers who suspect systems of mechanical failure shall stop the vehicle and investigate. If failure is evident, help should be sought before the vehicle is moved.

In the event of an accident or vehicle damage of a serious nature which is the fault of the driver, the driver will be placed on probation until the circumstances are reviewed by the superintendent and the transportation director. The driver may be required to complete an additional training course, or may be prohibited from driving.
