Code: **IIABB**  
Adopted: 1/09/12

## Use of Feature Films/Videos

The Board recognizes the showing of commercially produced and rated feature films and videos may have a legitimate purpose in a school's educational program. However, since the content of these feature films customarily is designed for general audience viewing, the Board feels certain precautions should be taken to ensure the showing of a particular film is consistent with the educational values espoused by the district. Only films/videos with administrative approval may be shown as part of the school program.

Teachers should not assign the viewing of a film as part of coursework unless the film/video meets the above requirements.
