

Myrtle Point School District 41

Code: **BF**
Adopted: 1/9/06
Orig. Code(s): BF

Policy Development

The Board endorses for use in this district the policy development, codification and dissemination system of the Oregon School Boards Association.

This system, while it may be modified to meet local needs, is to serve as a general guideline for such tasks as policy research, the drafting of preliminary policy proposals, reviewing policy drafts with concerned groups, presenting new and revised policies to the Board for consideration and action, policy dissemination, policy evaluation and the maintenance of a continuously easy-to-use policy manual.

Recognizing that formal guidelines are necessary to ensure that the district responds to its stated mission and operates in an effective, efficient and consistent manner, a set of written policy statements shall be formulated and maintained. Policies shall be in the form of broad principles that define the desire and intent of the Board. They should indicate what is wanted and why, in a form which is concise but sufficiently explicit to guide administrative actions.

The basic responsibility for initiating, reviewing and recommending new policies or policy modifications shall rest with the superintendent. However, new policies or changes in existing policies may be proposed to the superintendent by any Board member, group or organization, staff member, student or resident of the district.

The superintendent's initial policy draft may be reviewed by the policy committee. Those policies approved by the committee may be included in the next Board packet for review and adoption at the next regular Board meeting.

Execution of adopted policies is delegated to the superintendent, who shall implement the policies through the development of administrative regulations and procedures.
