

Myrtle Point School District 41

Code: **DE/DEB/DEC**
Adopted: 5/10/04
Orig. Code(s): DE/DEB/DEC

Revenues from Private, State and Federal Sources

The superintendent and/or his/her designee will be responsible for directing the development of all projects that are funded from sources outside the regular district budget from state and federal sources. It will be his/her general responsibility to plan, follow through, maintain and evaluate all designated administrative aspects of these projects.

Federal funding for particular areas of the curriculum is an unpredictable revenue. Therefore, the Board directs the administration to regulate federal programs closely using the basic philosophy that adjustments in the program and personnel will be made as revenues increase and/or decrease. It is understood that reductions may not be absorbed with general fund monies.
