Application Procedures

All free and reduced price meal applications showing zero income will be reviewed, and the applicants re-contacted, within sixty (45) calendar days of the initial application date, to ascertain upgraded income levels (food stamps, welfare, wages, etc.).

2. Households that submit a confidential application will be notified of their student's eligibility for free or reduced price meals. Households that are denied free or reduced price benefits will be notified in writing using the Oregon Department of Education (ODE) template letter distributed to the district annually.
3. On a case-by-case basis, when a student is known to be eligible for free or reduced price meal benefits and the household fails to submit a confidential application, the superintendent or designee may complete an application for the student documenting how he/she knows the household income qualifies the student for free or reduced price meal benefits. Parents of a student approved for free or reduced price benefits when application is made for the student by a school official, will be notified of the decision and given the opportunity to decline benefits.

4. Students who do not qualify for free or reduced price meals are eligible to participate in the National School Lunch Program (NSLP) and School Breakfast Program (SBP) and will be charged "paid" meal prices set by the district. "Paid" category students will be treated equally to students receiving free or reduced price benefits in every aspect of the district's NSLP and SBP.
5. The district has established a fair hearing process under which a household can appeal a decision with respect to the household's application for benefits or any subsequent reduction or termination of benefits.
6. In the event of major employers contemplating large layoffs in the attendance area of the district, the district will provide confidential applications and eligibility criteria for free and reduced price meals to the employer for distribution to affected employees.
