Copyright Protection Notices

It is the intent of the Board to delineate, enforce and abide by the provisions of current copyright laws as they affect the district and its employees.

Copyright materials, whether they are print or nonprint, will not be duplicated unless such reproduction meets "fair use" standards or unless written permission from the copyright holder has been received.

Details about "fair use" and other informational data will be made available to all employees in the district through packet entitled Administrative Rules and Information on Reproduction of Copyright Materials in the Myrtle Point School District. A summary of "fair use" standards will be posted or otherwise made easily available at each machine used for making copies.

The Board does not sanction illegal duplication in any form. Employees who willfully disregard the district's copyright position are in violation of Board policy and do so at their own risk and assume all liability.
