Code: **JHCCA**  
Adopted: 12/14/87  
Revised/Readopted: 5/13/96; 11/18/13  
Orig. Code(s): JHCC, JHCCA

## Students - HIV, HBV and AIDS\*\*

Myrtle Point School District will strictly adhere in its policies and procedures to the Oregon Revised Statutes and Oregon Administrative Rules as they relate to staff infected with HIV or HBV or diagnosed with AIDS<sup>1</sup>.

The district recognizes a parent (student) has no obligation under any circumstance to report his/her condition to the district and the parent (student) has a right to attend school. If the district is informed of such a student, written guidelines shall be requested of the parent (student). These guidelines shall include who may have the information, who will give the information, how the information will be given, and where and when the information will be given.

When informed of the infection, and with written, signed permission from the parent (student), the district will develop procedures for formulating an evaluation team. The team shall address the nature, duration and severity of risk as well as any modification of activities. The team shall continue to monitor the student's condition.

Notification of alternative education programs shall be made to the parent or eligible student, if an HIV, HBV or AIDS student withdraws from school.

The district shall also develop procedures for rumor control, infection control, student accommodations and public relations/media.
