Funding Proposals and Applications

The Board has as its primary mission the education of district students according to adopted goals and objectives. To this end all legal and worthwhile financial resources, especially those that will alleviate the local tax burden, may be pursued.

Grants-in-aid may become available from either the federal or state government. The district will pursue those grants that will assist the district in meeting the adopted goals and objectives of the current curriculum or will create facilities, purchase equipment or otherwise assist in implementing such programs as the Board has previously considered/approved.

All awarded grants will be reviewed by the Board at the next regular Board meeting.

The Board reaffirms its veto power over all grants prior to actual acceptance of funds.
