

## **Student Conduct\*\***

The Board expects student conduct to contribute to a productive learning climate. Students shall comply with the district's written rules, pursue the prescribed course of study, submit to the lawful authority of district staff and conduct themselves in an orderly manner at school during the school day or during district-sponsored activities. This conduct applies to students en route to and from school and to school-sponsored activities.

Careful attention shall be given to procedures and methods whereby fairness and consistency without bias in discipline shall be assured each student. The objectives of disciplining any student must be to help the student develop a positive attitude toward self-discipline, realize the responsibility of one's actions, and maintain a productive learning environment. All staff members have responsibility for consistency in establishing and maintaining a safe learning environment and helping students to understand the consequences of inappropriate behavior.

A student code of conduct outlining conduct expectations and possible disciplinary actions shall be developed in cooperation with staff, and will be made available and distributed to parents, students and employees, as required by the No Child Left Behind Act of 2001 (NCLBA). In addition, each school shall publish a student/parent handbook detailing additional rules specific to that school.

Students in violation of Board policy, administrative regulation and/or code of conduct provisions will be subject to discipline up to and including expulsion. Students may be denied participation in extracurricular activities. Titles and/or privileges available to or granted to students may also be denied and/or revoked (e.g., valedictorian, salutatorian, student body, class or club office positions, senior trip, prom, etc.). A referral to law enforcement may also be made.

The district will annually record and report expulsion data for conduct violations as required by the Oregon Department of Education.
