Community Use of District Facilities

The Board supports the community partner concept, which encourages the use of district facilities by community members for recreation, education and service activities. The first priority for use will be activities and functions directly associated with the district. The district invites other community organizations to partner with them in enriching life in the greater Molalla area. The Superintendent will develop a process for these organizations to be recognized as Community Partners. Community Partners will be the second priority in terms of usage and will be charged reduced fees. Those who wish to use district facilities that do not meet the criteria above will have the least priority in scheduling and will pay for use per the regular fee structure.

The Board expects the users to treat the facilities with respect. This includes adherence to all district policies regarding the prohibition of the use of alcohol, drugs or tobacco products on school property.

The Superintendent or his/her designee will establish policies and procedures to permit the use of district facilities that accomplish these objectives.
