Program Exemptions

The Board expects that all children will participate in the basic instructional program offered by the district.

However, when requested by parents in writing, a student may be excused from participation in a specific topic of study when required by the student's religious or cultural beliefs, or for students with special physical, sensory, or other handicaps.

Such a request should be made directly to the principal of the school. The principal will be responsible for assessing and acting upon the request in a timely fashion. Should the exemption be granted, it is with the understanding that the student will have a comparable assignment in an area of related study.

A student receiving an exemption under this policy shall receive no penalties as to grade, credit or graduation.
