

# Newberg School District 29J

Code: **ECF**  
Adopted: 6/11/01  
Readopted: 10/9/06  
Orig. Code(s): 4101

## Energy Conservation

The district encourages and supports an energy conservation and education program to substantially lower consumption of electricity, natural gas, gasoline and water. The successful implementation of this policy is the joint responsibility of the Board, district employees and students and is dependent upon cooperation at all levels. It is the responsibility of these groups to participate in conservation efforts to reduce consumption to levels prescribed by district, state and federal guidelines while maintaining programs.

District staff shall enlist and encourage students in energy conservation discussions and activities, both in and out of the classroom, integrating energy awareness and responsibility across the curriculum and throughout school and community life.

The superintendent shall develop administrative regulations to ensure that district facilities are operated in the most energy efficient manner possible consistent with maintaining a safe and appropriate educational environment.

END OF POLICY
