Code: **JC**  
Adopted: 6/24/02  
Readopted: 2/26/07  
Orig. Code(s): 5020

## Determination of Attendance Boundaries

In determining attendance boundaries, consideration shall be given to the educational needs of students, balancing class loads, efficient use of facilities and staff, transportation and safety needs of students walking to and from schools.

Students shall be required to attend the school serving their place of residence. Exceptions to the policy may be granted for a school year under the following conditions:

1. A student changing place of residence within the district but outside his/her attendance boundaries during the school year may continue in the school of enrollment until the end of the current school year;
2. A student whose personal care needs or behavioral interest would be better served in another school, as determined by administration, may be allowed to attend that school. Any exception granted is contingent upon adequate classroom space and staff;
3. A student whose educational interest would be better served in another school, as determined by administration, may be allowed to attend that school. Any exception granted is contingent upon adequate classroom space and staff;
4. In all student transfer cases, parents are responsible for transportation. However, a student may ride a bus if existing routes and space are available or if approved by the superintendent.

The superintendent shall develop administrative regulations to implement this policy.

END OF POLICY
