

North Lake School District 14

Code: **JHC**
Adopted: 8/08/05
Readopted: 2/18/14
Orig. Code(s): JHC

Student Health Services and Requirements

Although the district's primary responsibility is to educate students, the students' health and general welfare is also a major Board concern. The Board believes school programs should be conducted in a manner that protects and enhances student and employee health and is consistent with good health practices.

The district shall maintain a prevention-oriented health services program which provides:

1. Pertinent health information on the students, as required by Oregon statutes or rules;
2. A health appraisal to include screening for possible vision or hearing problems and also scoliosis;
3. Health counseling for students and parents, when appropriate;
4. Health care and first-aid assistance that are appropriately supervised and isolates the sick or injured child from the student body;
5. Control and prevention of communicable diseases as required by Oregon Department of Human Services, Health Services and the county health department;
6. Assistance for students in taking prescription and/or nonprescription medication according to established district procedures;
7. Services for students who are medically fragile or have special health care needs;
8. Integration of school health services with school health education programs.

The Board directs its district health staff to coordinate with health personnel from other public agencies in matters pertaining to health instruction or the general health of students and employees.
