Special Use of School Buses

School buses may be used for student field trips and activities. However, such use must, necessarily, be limited. School buses shall be first used for regular school transportation. For this reason, the following general policy shall apply:

1. Field trips by school buses shall be restricted to a radius of no more than sixty (60) miles from the schools unless special permission is granted by the superintendent. If such permission is granted, the superintendent shall report the action to the Board;
2. Trips shall be discouraged for groups of fewer than forty (40) students;
3. Trips shall be limited to no more than two (2) per school year for each elementary grade, kindergarten through grade six (6) and one (1) per school year for each fifty (50) students enrolled in grades 7-12, without special permission from the superintendent.
